

BLACK HILLS CHAPTER

SOUTH DAKOTA ENGINEERING SOCIETY

Member - National Society of Professional Engineers

\$1,000 Bill Craig Scholarships (Two Scholarships to be Awarded)

Qualifications

- Returning SDSM&T engineering student (graduate & undergraduate)
- Grade Point Average above 2.5
- Active in Engineering Societies / Organizations (preference to NSPE student members)
- US Citizen

Application Process

Please provide written responses to the six “bulleted” items below. Submit your responses with two letters of recommendation by the **February 12, 2010** deadline. Your letters of recommendation should be from someone not related to you – we suggest one be from a professor or faculty advisor of an engineering society/organization in which you are an active participant. The SDES Scholarship Committee will review the applications and notify the selected individuals during **Engineers’ Week** (starting February 15th). The selected recipients and guests will be invited to the SDES Black Hills Chapter’s Banquet on Friday, February 19, 2010 where the scholarship award winners will be announced to the membership. The \$1,000 scholarships will be applied to the student’s fall 2010 tuition fees.

Application

- Full name, address, e-mail address, telephone number(s) where you can be contacted.
- List your engineering discipline, class standing, and current GPA.
- List the engineering societies and other organizations you belong to including any extracurricular activities and/or clubs. Briefly describe your role in any engineering projects and activities those organizations have undertaken. Also indicate if you are an officer or serve on committees of those organizations.
- Briefly tell us about yourself – your interests, hobbies, other activities (other than those listed above), and any volunteer or community service programs in which you have participated. You may provide information on your background, work experience, and how you decided to pursue engineering as a career.
- Briefly tell us about your plans and goals after graduation.
- In an essay of 250 words or less, tell us what you consider to be the role of engineering societies, and how they may play a part of your career development.

Finally, sign your application. Your application with the two (2) recommendations must be **received by 4:00 p.m. Friday February 12, 2010.**
